Calling all Middle School Artists and Environmentalists

Announcing the 'We All Live in a Watershed' Poster Contest

Sponsored by NYS Department of Environmental Conservation & New York Water Environment Association

Contest Theme

What you do at your home and in your community affects everyone downstream of you. This poster contest is meant to encourage students to learn about their role in the watershed they live in and how to conserve and protect our water resources, now and for future generations.

Show how "We all live in a Watershed"!

Posters must clearly convey this message.

Poster Requirements

Posters must contain original hand-drawn artwork - no computer-generated posters or graphics. Copyrighted characters (such as Superman, Batman, etc.) and clip art **will not be accepted**.

- Material:** You may use any type of media, including watercolor, pen and ink, crayon, chalk and markers.
- Size:** 8 ½" x 11", landscape layout preferred
- Background:** White only, no colored paper backgrounds

Posters will be on public display and should be easy to see or read. Winning posters will be compiled for distribution as part of a 2020 calendar.

Prizes and Awards

Each participant receives a Certificate of Recognition.

The top 14 posters will be included in a 2020 calendar which will be distributed throughout New York State.

The 14 winning students receive an engraved plaque, \$25 gift certificate, and an invitation to a local NYWEA chapter event. The teacher of the top winner will receive an engraved plaque.

Who's Eligible?

All Middle School students in New York State public and private schools are eligible to enter the poster contest. **One student per poster.**

Judging Procedure

DEC and NYWEA staff will review all posters and pick the top 30 entries. NYWEA membership and DEC staff will vote for the 14 winning posters.

Judging Criteria

- Clear and correct message conveyed by text and artwork
- Creativity, originality, and artistic quality
- Visual clarity

Please Remember...

- Entries must meet poster requirements
- Fasten the attached release form to the back of the poster.
- All submitted artwork becomes the property of NYSDEC and NYWEA and will be reproduced.

Lesson Plan Ideas

A lesson plan for "We all live in a Watershed", a PowerPoint for teachers and a worksheet for students was developed (posted on <https://www.dec.ny.gov/education/32108.html>). The lesson includes locating a watershed and identification of possible pollution sources in the watershed. The lesson is designed for students to brainstorm solutions to reduce and prevent pollution within the watershed.

Project WET (Water Education for Teachers) is a collection of innovative, water-related activities designed for use in K-12 classrooms. For more information of Project WET in New York State, visit DEC's web site at www.dec.ny.gov/education/1902.html. Additional resources are available on Project WET's national web site at <http://www.projectwet.org>.

Hot Topic

Human activities leave behind materials like pesticides, pet waste, trash and even loose soil that can wash into our waters and pollute them. There are lots of actions that people can take to protect water—proper fertilizer application, septic tank maintenance, planting vegetation along the shoreline (buffer), clean up pet waste, plant rain gardens, pump-out boats properly, and help prevent sewage spills (don't dump fats or grease; don't flush diapers, baby wipes or personal hygiene products).

Release Form

Each poster must have a release form securely fastened to the back of the poster. **A poster not accompanied by a completed release form will not be eligible for judging.**
